**Transformation** 

Awareness & Foundation

2011 2013 2014 2015

### What we've tried ...

- 1. Marine Forecasting Week Extended Class (2013)
- 2. Blended Courses (2013 up to now)
- 3. BMKG Online Events (2013 up to now)
- 4. Regional Focus Group Discussion (2013 up to now)
- 5. Online Group Discussion (2014)

### rine Forecasting Week Extended Class (2013)

Voluntary Participation of 11 Managers

- IT Manager

Coordinator

: Roni

: Dona

Just to get an experience and to feel on how to run and manage an online course in our own brand new Moodle

- 71 participants
  - 3 person success (1st batch)
    - 15 person success (2nd batch)

### Mhy?

- Conduct concurrently with other events
  - They felt confused
    - No detail guidance
      - Less of internal motivation
        - Language problem
          - Material were less significant
            - Certificate conversion
              - Problem with E-Learning Server

# Blended Course (2013 - now)

CGC#2 ini merupakan diskusi online bidang geofisika yang perlamakalinya diselenggarakan di BMKG. Antusiasmi masih jarang diadakan, khususnya di wilayah Asia Tenggara dan Pasifik, OGD#2 dikut secara kolektif oleh sekitar 137 rang peseta dengan menggunakan 15 koneksiluser online di Kanfor Pusat, Balai Wilayah I ♦ V dan STMKG, Seperti

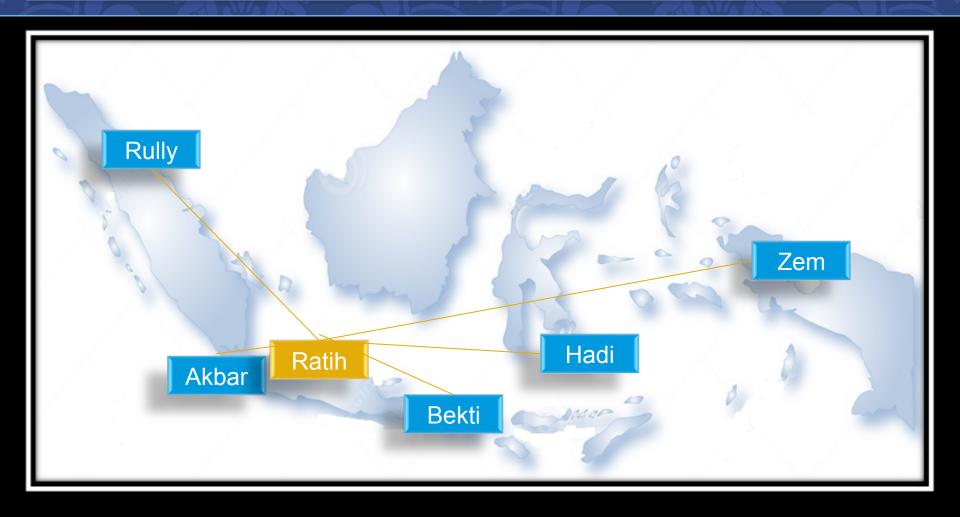

### Our Ambassadors

### Possible Way to Go...

- Optimize our Training Site and integrating with other database (BMKG E-Office)
- Continously conduct Online Seminar
- Conduct Online Courses

### Chalenge and what we need

- Classic issues : network and communication, technology and facilities, dedicated staff , budget
- Coordination, supporting environment (bureaucrachy, policy, legal aspect)
- Standard : National vs International
- Encourage people involvement (staff and management level) and building culture
- Guidance
- Consultancy
- Opportunity to involve in other program to gain experience

### Thank You

Center for Education and Training
The Agency for Meteorology Climatology
and Geophysics (BMKG)
