

# Forecaster

## NAME

David Lucas

## ROLE AND EMPLOYER

Forecaster at the Hydrometeorological Service of his country. He sometimes presents weather forecasts himself.

## COUNTRY OF RESIDENCE

Baltimar

## CHARACTERISTICS

David is very picky about providing the most accurate forecast for the public. He is a little sensitive about what people will say about his forecast, so he is prudent and never says something that he is not 100 % sure about.

## WORK ENVIRONMENT AND COLLEAGUES

In front of his computer, and sometimes in front of camera, with highly educated colleagues.

## OPINION ON CLIMATE CHANGE

He is very worried about the future of the planet and makes it a point to explain global climate trends when he presents the weather forecast, in order to try to raise awareness in the general public.
