**Erik Hagemark:** Hi Bruce: Are any ski areas open?
**bruce muller:** Hello, Heleen! Snow in Europe as well?
**Vesa Nietosvaara:** Heleen, normal minutes, no simulator minutes!

**Vesa Nietosvaara:** yes, when i need to do ctrl v and c things

**bruce muller:** Yes, two ski areas have opened in the last 2 weeks, Erik.

**Erik Hagemark:** wow, sounds great. I know of one person who is happy than: I have a brother living in Longmont
**bruce muller:** Longmont. Just around the corner.
**Erik Hagemark:** yupp, used to live in Boulder
**Vesa Nietosvaara:** But POlish and LIthuanian are related ????

**Erik Hagemark:** Dutch is hard :)
**roro yuliana purwanti:** Hello...everyone..good afternoon from Jakarta :-)
**Heleen ter Pelkwijk:** scheveningen
**Izolda Marcinoniene:** snow
**Izolda Marcinoniene:** /
**Heleen ter Pelkwijk:** regen
**Izolda Marcinoniene:** what it means?
**Heleen ter Pelkwijk:** scheveningen is a city
**Izolda Marcinoniene:** :)
**Ian Bell:** You don't have Australia either.
**Erik Hagemark:** stratus
**roro yuliana purwanti:** I know, Vesa... yes Ian. I have you as my company from South...
**bruce muller:** I'm not seeing the webcam image :-(
**Erik Hagemark:** I do, but then I have to move my entire computer....
**Heleen ter Pelkwijk:** yes I do, but I don't know whether it work

**Ian Bell:** Selamat malam Roro
**Heleen ter Pelkwijk:** I am havening sun too
**Ivan Smiljanic:** yes
**Erik Hagemark:** CIrrus?
**Ian Bell:** We have showers and no sun because it's dark.
**Ivan Smiljanic:** that's cheating - he know questions before :)
**Ivan Smiljanic:** and time is ticking Vesa...:)
**Heleen ter Pelkwijk:** don't see your pointer...
**bruce muller:** i don't see it either
**Erik Hagemark:** same here, time lag as well when you shift pictures
**Ivan Smiljanic:** i see it but its not moving
**Ian Bell:** We don't see the markup
**Erik Hagemark:** a bit hard to follow the images and "see" what Vesa sees
**Heleen ter Pelkwijk:** someting to learn...If you do this excersise...please keep in mind that there is a time leg
**Izolda Marcinoniene:** ok, thanks Heleen
**Erik Hagemark:** yes, one could ask all to check "yes" when they see a certain image?
**bruce muller:** Good suggestion, Erik.
**Maja Kuna:** So I was thinking for tomorrow, we could have like 10 min troubleshooting session. Like, what do you do if? to apply what was on the emergency checklist. But it should be something authentic, like we go offline for 5 minutes, and then we ask them how did they feel? What they wanted to do? Or what would they do as moderators?  What mistakes did we do? Or we won/t show up at all :)
**Vesa Nietosvaara:** Vesa: Just landed in FRA...

I had also one idea in plane. Not at all as extreme as yours. Just show them three things they CANNOT do asynchronously. Hmm?

**Maja Kuna:** Destroy all the learning experience by going offline? :P

**Maja Kuna:** Good Vesa. I like both options to be honest. Can we combine? What are the 3 things? We should be creative. Can you play a guitar? Or sing? Sing something in Finnish and ask me to repeat it, then you correct? Or just teach me some words in Finnish and correct my pronunciation on a fly? Something meteorology related?
**Vesa Nietosvaara:** Vesa: Maja, cycling did good to you again! I like that language practice together. Let's assume we have two participants . . We ask Ms X to teach Mr Y three Lithuanian weather words and pronounce them right.

We need a couple of more such exercises.

**Heleen ter Pelkwijk:** Yes!
**Ivan Smiljanic:** yes
**Maja Kuna:** Brainstorming session using whiteboard. But we need a good example.
**Vesa Nietosvaara:** A current weather map analysis of some kind. Everybody looks weather outside window and places a symbol on map. Hmm. ..
**Vesa Nietosvaara:** or
Immediate poll on something. Voting if the session should be terminated immediately. If yes votes win, we terminate it immediately.
**Vesa Nietosvaara:** Aah or!  Instruction on how to use some instrument. . showing in webcam how to find @ sign in

German keyboard.

**Maja Kuna:** Something spontaneous using webcam or voice. Showing with webcam conditions outside and comparing with the real-time forecast, comparing those two.

**Izolda Marcinoniene:** :)

**Vesa Nietosvaara:** yes, good idea!

**Maja Kuna:** Give the feeling of immediacy and co-presence. How?
What is immediate?  Emergency.  What else? Something that has to be resolved on a spot. NOW.

**Vesa Nietosvaara:** ehm.... Meeting decision.

**Vesa Nietosvaara:** or...

**Vesa Nietosvaara:** for example, when do you use phone call and not use email for communication?

**Maja Kuna:** Me? Never :)

**Vesa Nietosvaara:** hah... because you know I am always online

**Maja Kuna:** It can be used as we said also to correct somebody's actions, on a fly. See the performance and correct, not only voice but a procedure?

**Vesa Nietosvaara:** Online assessment! Running simulation and viewing how the student handles the system.

**Maja Kuna:** We should make them (if there are any) to participate as much as possible. I like the simulation, we could use yours for NOMEK  to perform a task?

**Vesa Nietosvaara:** yes we could... but to be safe we could make me a student, share my desktop with everyone and all you would be assessing  how i perform with forecasting ?

**Maja Kuna:** OK it sounds to me like we could have 3-4 good examples:

1. teaching in Lithuanian a meteorological term (voice)
2. comparing the weather conditions outside in a real-time using webcam and then application sharing
3. asking somebody to go through a simulation (assessment)
4. brainstorming me and you + participants (chat)

Sounds good?

**Ivan Smiljanic:** do you really type that fast!?!!
:)

**Maja Kuna:** The end?

**Vesa Nietosvaara:** we are experts, ivan... ;-)

**Vesa Nietosvaara:** Sounds good !

**Izolda Marcinoniene:** :)

**Ian Bell:** When does the 5 minutes break occur?

**roro yuliana purwanti:** :-)

**Heleen ter Pelkwijk:** respect! thank you ;-)

**Erik Hagemark:** I was wondering about that, Vesa :)

**Ivan Smiljanic:** i knew it!

**Erik Hagemark:** Phone is nice when you want to actually HEAR a voice :)

**bruce muller:** Thank you both for the forums and the session today!

**Erik Hagemark:** Great session,  Maja and Vesa

**Ian Bell:** Thank you Maja and Vesa

**roro yuliana purwanti:** Phone is a must when you need to hear the response or make confirmation immediately

**Heleen ter Pelkwijk:** how do you write that word Erik?

**Erik Hagemark:** "Polling"

**Heleen ter Pelkwijk:** do you mean asking questions?

**Erik Hagemark:** Heleen, Yes

**Heleen ter Pelkwijk:** okay ;-)
